

# GiggleGrow

A Parent-Toddler Program

for 12 months to 18 months toddlers with parent

“If I had my child to raise all over again,  
I’d finger-paint more, and point the finger less...  
I’d stop playing serious, and seriously play.”

- Diane Loomans

## a joyful new *beginning...*

Welcome to **GiggleGrow**, heart-led journey for parents and toddlers to explore, bond, and grow—together. Rooted in the Montessori philosophy and the power of play, GiggleGrow is a celebration of connection in the earliest, most precious years of life.

At **GiggleGrow**, we believe that a child's first classroom is not made of walls, but of wonder, warmth, and presence. Our sessions are designed to awaken the senses, delight the heart, and nurture the bond between a parent and their little one.

### Powered by:

- Music & Movement
- Creative Art & Baby Yoga
- Storytelling & Sensory Play
- ME-Time for parents and babies alike
- NatureScape Discovery
- Unstructured Exploratory Fun
- Messy Me

“Play gives children a chance to practice what they are learning.”  
— Mr. Rogers

## Why GiggleGrow ?

1

### CHILD-LED PLAY

At GiggleGrow, toddlers are encouraged to explore at their own pace. We focus on the process, not the product—valuing curiosity, expression, and discovery.

2

### MESSY IS MAGICAL

Whether it's splashing in water, mixing colours, or exploring textures—messy play helps toddlers develop fine motor skills, creativity, and confidence. And yes, it's gloriously messy (without the usual “No!”).

3

### SENSORY EXPLORATION

Every week opens a world of new textures, sounds, sights, and smells—because children learn best when they feel the world around them.

4

### MOVE & GROOVE

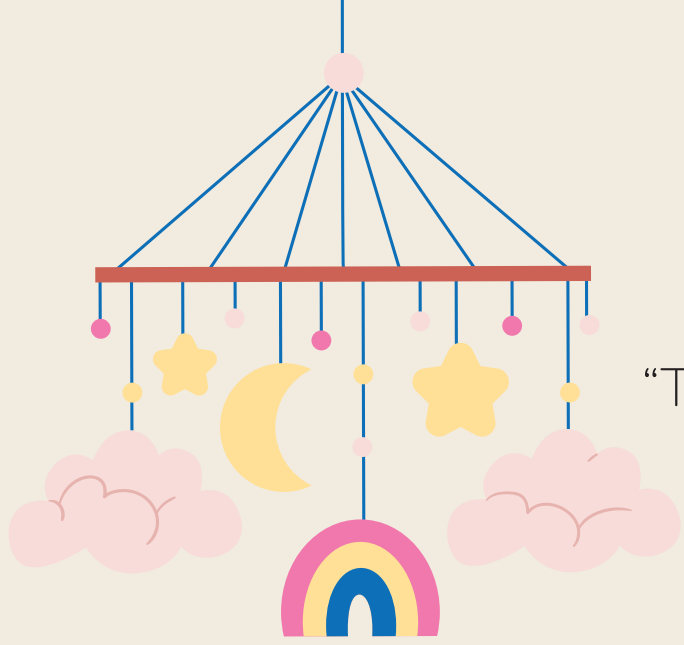

Music and movement form the heartbeat of GiggleGrow. Through song, rhythm, and joyful motion, children develop coordination, language, and a deep love for expression.

5

### SHARED MEMORIES

These early days are fleeting - but deeply formative. GiggleGrow gives you the space to slow down, be present, and truly connect with your child. These shared moments become memories that last forever.

“The best thing to spend on your children is your time.”  
— Louise Hart

## Our Vision

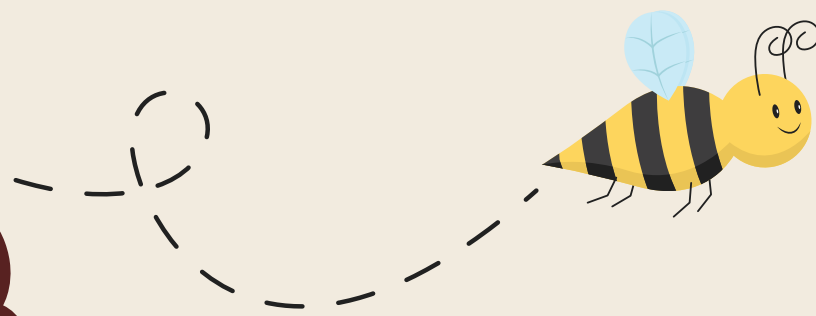

GiggleGrow is more than a play program—it’s a space where children are free to explore, and adults are invited to pause, reflect, and rediscover the joy of childhood alongside their little ones.

### More than just sessions – **It’s a Whole Experience!**

- Joyful Playdates at Joyland
- Parent Connect Circles with expert insights
- Parenting Solutions that truly support your journey
- Value-ed Festive Celebrations to create magical shared memories

Age group : Toddlers Aged 12 to 18 Months

Duration : 3 days a week
